

Zeeshan Ashraf

(+92) 309-8909369 | Muzaffarabad, AJK | flutterwithzeeshan@gmail.com | <https://github.com/zeeeshaan>

Dedicated software engineer with a strong foundation in programming principles and a passion for developing innovative mobile applications. Specialized in **Flutter development** with proficiency in **Dart programming** and the **Flutter SDK**. Experienced in **project management** and **software quality assurance (SQA)**, ensuring efficient, high-quality delivery across the **software development lifecycle (SDLC)**.

WORK & RELEVANT EXPERIENCE

flutter developer Intern

Muzaffarabad AJK

InfraBit IT

April/2024 -July/2024

- Successfully implemented **Provider state management** for scalable and efficient app architecture.
- Integrated **REST APIs** to enhance app functionality and user experience.
- Contributed to **UI design and development**, following best practices for a responsive and intuitive interface.
- Gained hands-on experience in a professional **software development environment**, collaborating with team members and participating in **Agile** sprints.

EDUCATION

BSc-Software Engineering.

August/2024

Mirpur University of Science & Technology

Four-year degree with comprehensive training in Software Engineering principles, including:

- **Core Subjects:** Operating Systems, Engineering Fundamentals, Cloud Computing, Requirement Engineering, Object-Oriented Programming (OOP), Data Structures and Algorithms (DSA).
- Specialized training in mobile app development with Flutter, along with skills in troubleshooting, customer service, system administration, and security.
- Hands-on experience through extensive lab sessions, enhancing technical proficiency and problem-solving abilities.

TECHNICAL & BUSINESS PROFICIENCIES

Technical Skills:

- **Languages & Frameworks:** Flutter, Dart
- **Development Tools:** Git, Firebase
- **Architectural Patterns:** MVVM Architecture, OOP concepts
- **API & Data Handling:** REST APIs, JSON, API Integration
- **State Management:** GetX, Bloc
- **Core Strengths:** Problem-solving, efficient coding

Business Skills:

- **Project Management:** Agile methodologies, process improvement, team collaboration
- **Customer Interaction:** Customer support, technical documentation

SOFT SKILLS

Project Management, Team Collaboration, Communication, Problem Solving, Time Management, Adaptability, Attention to details.

PROJECTS

Student Monitoring System

April. 2024

- Developed a comprehensive student monitoring system using Flutter, Dart, TensorFlow, and Firebase.
- Implemented key features like emotion detection, face recognition, hate speech detection, and result prediction.
- Collaborated with data scientists to ensure accurate and reliable data analysis.
- Conducted extensive testing to guarantee app reliability and performance.

Travel App.

July.2024

- Built a feature-rich travel app with Flutter, Dart, Google Maps API, and Firebase.
- Offered itinerary planning, real-time location tracking, and local attraction recommendations.
- Enhanced user experience with seamless navigation and personalized suggestions.

News App

October.2024

- Developed a news app using Flutter and Dart that fetches live data from APIs for real-time news updates.
- Implemented categories for news filtering and a user-friendly interface for easy navigation.
- Added features like bookmarking, search functionality, and push notifications for personalized updates.

Portfolio App

October,2024

- Created a portfolio app in Flutter to showcase projects, skills, and professional achievements.
- Designed a visually engaging and responsive layout to highlight project details and personal branding.
- Integrated interactive elements and optimized UI for a smooth user experience across devices.

TOOLS AND SOFTWARES

Vs-Code, GitHub, Android Studio, Postman, Figma

ADDITIONAL SKILLS

Flutter & Dart SDK, State Management: GetX, Provider, Architectures: MVVM, Scalable Code, Mobile Responsiveness, API Integration, Figma, Postman
